Special Meeting To Resolve The Six Remaining Items

By Karen L. Day

Selectman William Dalton, at Monday night's meeting of the board, called for a Special Town Meeting, to be held on June 15, in order to address five of the six articles left on the warrant at the time this year's town meeting was "dissolved."

The only article, in addition to John Doyle's five, that was not acted on, Article 88, requesting \$16,500 for Abbot St. curbing, will not be addressed until next spring, due to the fact that it is a budgetary article.

"There's a degree of discomfort....Everybody would prefer that those articles were acted on," said Dalton, adding that the motion to dissolve was, in fact, legal. "I thought it was appropriate—we had lost a quorum," he said, and it was unlikely that one could have been obtained at the time.

Dalton then addressed a letter printed in the TOWNSMAN last week, written by the Andover League of Women Voters' President Jean Salazar.

Dalton disagreed with one point of Salazar's in particular. Salazar commented that voters were confused about the meaning of the word "dissolve," but Dalton contended that a citizen *did* request an explanation, and one was provided by Town Counsel Alfred Daniels.

Selectman Charles Wesson added another reason for "dissolving" the meeting—April 27 would have been the earliest possible night to continue, considering the availability of the Collins Center, the religious holidays and spring vacations.

Dalton then suggested that two articles be added to the warrant for the Special Town Meeting—one to reduce the quorum from 350, or only require a quorum at the outset of town meeting, and one to institute a fall town meeting to address

all non-budgetary articles.

About the second, he commented that in a town the size of Andover, a single legislative meeting each year is not ap-

Snowfall Totals Six Inches

It's almost May but Andover residents found Tuesday that winter is not about to give up its grip on the area.

A sudden, freak snow storm dumped six inches of wet, slushy snow on the area Tuesday afternoon and night, cutting power to thousands of homes in the south Andover section and some parts of West Andover near the Tewksbury line.

Andover Historical Society's Barn Museum Opening Sunday, May 3, from 2 p.m. to 4 p.m.

Barn Museum To Open

By Virginia Lopez Begg

Behind that elegant white fence on Main Street stands one of the Andover Historical Society's nicest surprises, the Barn Museum.

The Barn Museum, scheduled to open for the season on Sunday, May 3, from 2 p.m. to 4 p.m., houses the society's large and varied collection of the tools necessary for rural life in New England a century or more ago. There is an admission fee for non-members.

From eel forks for fishing in the Merrimack to fluting irons so Andoverites could look their best at Sunday meeting, from hand-decorated Ballardvale stoneware in a tupperware-less age to ice tongs for gathering a summer's supply of ice from Pomp's Pond, the Barn Museum is Andover's attic.

But what an attic! Everything is organized around different themes of early life. The arduous domestic duties of the housewife are well-illustrated by the tools of her trade, many of which are no longer familiar today. The farmers who struggled to feed their families from Andover's stony soil are represented with a wide array of farm tools and equipment. A high-wheel bicycle, an old-fashioned horse-drawn fire engine and even several cannons are on display. To help interpret this treasure trove of Ameri-

cana, guides will be available.

As a special feature of the open house, products made during a recent workshop on woodworking will be on view. Traditional woodworking has been taught at the Andover Historical Society in a replica 19th-century shop in the barn. More than 400 antique tools are available for these classes taught by John Ross of Cambridge.

The Barn Museum also represents one of the most important educational efforts of the Andover Historical Society, the fifth-grade program. During October and May, fifth-graders from every school in Andover spend a day at the society role-playing various Andover citizens from the time of Amos Blanchard who built the house that is now the society's headquarters. The children learn about the Barn Museum's collections through hands-on use of any items.

The Andover Historical Society, accredited by the American Association of Museums, is a non-profit, educational institution open to members and the public. For information on open hours, exhibitions, tours, special events and membership, call the society office between 9 a.m. and 5 p.m. Monday through Friday.

To Perform

Joanne Saalfrank, 10 Enfield Drive, Andover, will perform in the Westfield State College Musical Theater Guild production of "Brigadoon," April 29-May 1 in Dever Auditorium.

The show is a romance set in the highlands of Scotland.

MTG annually presents two musicals which are produced entirely by students.

West Plays It Up

Working with Mrs. Retelle, Instructional Aide in Individualized Reading, students in two fourth grade classes at West Elementary wrote and acted in eight plays based on stories of many lands. The scriptwriters in Mr. Rossini's Language class chose stories from Lapland, Norway, Ancient Greece and from tales of Robin Hood and the Grimms Brothers. Mrs. Michelle Spaziano, whose class filled many of the acting roles, was stage manager. Pictured, clockwise from upper left: Jessica Banos, Lisa Cincotta and Carly Detterman performed in "Rose Red, Snow White"; Yvonne Nicoletti and Tara Coppola, were the sisters in "Tatterhood," a Norwegian story; Narrator Joanne Tao wore a Chinese costume; Director Evelyn Retelle helps Katie Richards with a story narration; and Patrick Harding, as the Irish Wizard, helps David Charland with his fiddle.

"Godspell" at South Church

The performing arts series of South Church will offer a performance of "Godspell" Friday night, featuring many South Church performers. The production is directed by Linda Zimmerman and choreographed by Shorey Walker, with musical direction provided by Keith Gould.

Pictured clockwise from upper left, (both pages), are: Matt Lavin, who plays "Jesus," addresses Alan Coe; Children in the cast perform one of the many songs in the show; Marty Mason, as "Judas," makes a point with Matt Lavin's "Jesus"; Cast members sing and dance their way through the show enthusiastically; Haley Coe and Marty Mason were captured on film as they danced; Cast members surround the piano for a song; Matt Lavin expresses emotion through facial expressions as well as song; Sally Kidd takes centerstage; and Sarah Spollett, Andi Egmont and Jessica Smith, end a song to applause.

Church Presents "Godspell"

"Godspell," a musical treat for the entire family, will be performed May 1 at 8 p.m. at South Church, 41 Central St., Andover. Admission is free.

A talented group of performers from South Church have been singing, dancing and clowning around since mid-January in preparation for this musical celebration of the gospel as told by St. Matthew.

Conceived by John-Michael Tebelak, "Godspell" is an expression of his belief that the passion of Jesus Christ was to teach love and joy. Therefore, in staging the well-known sayings and stories of the Bible, he uses many theatrical devices, including pantomime, children's games, charades, puppetry, tap and soft shoe dancing and a variety of songs and music including pop, rock, musical comedy and the dramatic. Many of the performers are cast primarily as clowns to enact the simple stories and parables of the Gospel.

The cast includes Matt Lavin as Jesus, Marty Mason as Judas and Todd Craig as John the Baptist. Debbie Brendle, Alan and Hayley Coe, Phyllis and Brian Cutler, Anna DeBlois, Andi Egmont, Kim Gould, Lynne Hamilton, Sally Kidd, Ginny and Kate Mason, Elaine, Joshua

and Aaron Russo, Jessica Smith, Laurie Southworth, Susan and Sarah Spollette, Amy Wilkins and Amy Zimmerman are clowns.

The production is directed by Linda Zimmerman with choreography by Shorey Walker and musical direction by Keith Gould.

Sponsored by the South Church Performing Art Series, "Godspell" is one of a number of programs presented throughout the year by this committee as an offering to the community.

Beethoven Concert Ends Series

Merrimack College's 1986-87 Concert Series will conclude with a concert of three works by Ludwig van Beethoven on Friday, May 1, at 8 p.m. in the Collegiate Church of Christ the Teacher on the North Andover campus.

Paul Gay will conduct the Indian Hill Chamber Orchestra with pianist Norman Krieger as guest soloist.

The program will include Beethoven's "The Coriolan Overture," "Piano Concerto No. 5" ("Emperor") and Symphony No. 3 ("Eroica").

A graduate of the Julliard, Krieger has been studying and performing piano since the age of eight. The winner of many prestigious prizes, he has performed with such symphonies as the Los Angeles Philharmonic, the Buffalo Philharmonic, the St. Louis Symphony, the Montreal Symphony and the Boston Pops. Krieger made his Carnegie Hall debut in 1979 and has performed with the Tokyo String Quartet.

Its members include professional musicians and teachers of music and performance at area schools, colleges and conservatories.

The 1986-87 College Concert Series has been made possible in part by a grant from the Rogers Family Foundation. Special discount tickets are available to students and senior citizens.

Ticket information is available from the concert series office at Merrimack College.

Women & Custody

If you are separated from your husband and are concerned that your husband may intend to fight you for custody of your children, you may be hesitant to date, socialize or pursue a career because you are afraid you will lose your children if you do. If you have been the primary caretaker of your children before or since the separation, the standard which a Court will apply to determine which parent shall be awarded custody—the best interest of the children—does not necessarily require you to make drastic changes in your life-style or your career.

Rehearsing the song "Guys and Dolls" are left to right: David Davidson of Winchester (Benny Southstreet); Bob Haggerty of Stoneham (Nicely Nicely Johnson); Bob Lee of Dorchester (Nathan Detroit) and Denis Webster of Andover Rusty Charlie).

To Present "Guys And Dolls"

The North Reading Theatre Workshop's production of "Guys and Dolls," under the direction of Paul D. Greene, opens May 2 and continues through May 8 and 9 at the Daniel H. Shay Auditorium, North Reading High School, Route 62, North Reading. Curtain is at 8 p.m.

Based on Damon Runyan's "The Idyll of Sarah Brown," "Guys and Dolls" has been a favorite of theatregoers since its opening November 24, 1950, at the 46th Street Theatre where it ran for 1,200 performances and was revived five years later. Three years after its New York opening, "Guys and Dolls" opened in

London and pleased and puzzled audiences. Runyan's books had to be supplied with glossaries to enable English readers to follow his rapid-fire Broadwayese. Enriched by such characters as Nathan Detroit, Sky Masterson, Big Jule, Benny Southstreet, Harry the Horse and Nicely-Nicely Johnson and with such songs as "A Bushel and a Peck," "If I Were a Bell," "Luck be a Lady," "Guys and Dolls" was subtitled "A Musical Fable of Broadway."

Call the Greens, 24 Haverhill St., North Reading, for information about group rates and tickets.

Chorale Presents Haydn Mass Sunday

The Greater Merrimack Valley Chorale, with orchestra, will present Franz Joseph Haydn's "Mass in Time of War" ("Paukenmesse") and Ludwig von Beethoven's "Choral Fantasy" on Saturday, May 9, at 8 p.m. in the Methuen Memorial Musical Hall, Broadway, Methuen. David Tierney, music director of the 57-voice chorale, will conduct.

This Spring Choral Festival is sponsored by a grant from the Methuen Arts Lottery Council. Andover residents in the chorale in-

clude Alix Driscoll, Forbes Lane; Richard Graber, Salem Street; Maria Hagigeorges, business manager, North Main Street; Marta Hornidge, Ballardvale Road; John Kimball, Prospect Road; Carol and Hart Leavitt, Forbes Lane; Barbara Perryclear, Morton Street; Lomer Pothier, Ivy Lane;

Sandi Rehe, Hampton Lane; Terrie Reid, Cattle Crossing Road; Mary Swain, Enfield Drive; and Mary and Carl Bewig, Betsy and Neil Cullen, Frank Eccles, Lydia Goetze and Vincent Pascucci, Phillips Academy faculty.

The Greater Merrimack Valley Chorale is made up of singers from a dozen Merri-

mack Valley communities in Massachusetts and southern New Hampshire. They meet weekly in Andover to learn, perform and enjoy great choral works from the baroque to contemporary era and to meet creative needs in the Greater Merrimack Valley. New members are always welcome.

The Amazon River in South America is 4,000 miles long, longer than the highway route between New York City and San Francisco.

Choirs To Present Concert Sunday

The Parish Choir and Schola Cantorum of the Parish of Christ Church-Andover will present a program of choral music spanning eight centuries with the theme "Joy, Praise and Thanksgiving" on Sunday, May 3, at 4:15 p.m. The one-hour concert is free and open to the public.

Under the direction of the parish's organist and music director Earl Miller, the choir will sing ten pieces: A Te Deum with improvised organ interludes on the alternate verses; "May God Smile on You," from the Wedding Cantata by J.S. Bach; "Oh, Praise the Lord of Heaven," a choral work for double choir, by Hans Leo Hassler; the verse anthem "O God, Thine Art My God" by Henry Purcell; "Messe de Minuit pour Noel," a mass in three sections based on rollicking 16th century French folk dances, by Marc-Antoine Charpentier; Laudate Dominum from the Vesper Service by Mozart; Gabriel Faure's Cantique; two works by Handel, "Thanks be to Thee" and the Hallelujah Chorus from the "Messiah"; and a new work by contemporary Welsh composer William Mathias, "Lift up Your Heads, O Ye Gates."

The music ministry of Christ Church is one of the largest in New England, comprised of five musical organizations, about 75 volunteer musicians. It is unique in that it combines the talents of singers age eight through adult. Two of the soloists, baritone Christian Seichter of Tewksbury and tenor Benjamin Medler of Andover, are 14 and 13 years old, respectively. Other soloists include sopranos Danyelle Constantenau and Barbara Evans, tenor Jeffrey Gill, baritone Christian Johnston and alto Terry Morgan, who has been heard in numerous solo concerts with Miller and the Christ Church music program.

Miller is also the organist for the Brooks School in North Andover.

Celebratory Concert At Academy

The Fidelio Society of Abbot and Phillips Academy will celebrate the 100th anniversary of the founding of this choral group on Saturday, May 2, at 7:15 p.m. in a concert, sponsored by the Phillips Academy music department, in the Tinklen Room in Graves Hall. The concert will include alumni who were singers in the society after 1975. The public is welcome to attend the concert and reception which follows.

The oldest continuing musical organization in Andover, with the exception of the town's church choirs, the Fidelio Society was founded at Abbot Academy in 1887 by Samuel Morse Downs, teacher of piano. He was choral director at Abbot and Bradford Academies for nearly 50 years, in some years teaching as many as 70 aspiring Abbot pianists at a time. Downs was also the organist at Boston's South Church and a composer who, beginning in 1876, organized a yearly series of concerts for Andover at his own financial risk (and sometimes loss). A contemporary has written that students were devoted to this small, quick man whose "humor and cour-

tesy were his only weapons of discipline." It is testimony to his indispensability (or perhaps to the bargaining power of male teachers) that Downs was paid more for his part-time work than any Abbot principal of his era.

Soon after he retired in 1905, the Fidelio Society was taken over by Walter Howe and then by Kate Friskin, a professional pianist and long-time Abbot teacher, until her retirement in 1961. As a student singer now says of Friskin's direction, "From the very first day, she expected real music from us. This is not what you ask of children."

When Abbot and Phillips Academies merged in 1973, Fidelio became the new school's small a capella audition choir, adapting its size to the rich musical opportunities offered by Renaissance madrigals and motets. Its repertoire, under its eighth and present director, Susan Lloyd, combines Renaissance works with an occasional Duke Ellington piece, a cycle of Brahms vocal quartets or a series of African freedom songs. This year's student co-directors are Gilbert W. Gimm and Janet Susan McIntosh.

A beam of light can travel around the earth in just one-tenth of a second.

Cold War Topic For Lecture

Michael R. Beschloss, adjunct historian of American politics and diplomacy at the Smithsonian's National Museum of American History, will speak on "The Cold War" at Phillips Academy on Friday, May 1, at 8 p.m. in George Washington Hall. The public is invited at no charge.

Interviewed in January by *The New York Times* on parallels between recent events affecting the Reagan administration and those affecting Presidents of the past, Beschloss noted that "Kennedy, in the abortive Bay of Pigs invasion of Cuba, and Eisenhower, in the U-2 affair, ended up taking blame for the failures and later seeing their popularity recover." Beschloss, a 1973 graduate of Phillips Academy who went on to Williams College and Harvard Business School, is a student of presidents, having worked as a consultant on a number of projects involving the presidency.

Beschloss, author of "May: Eisenhower, Krushchev and the U-2 Affair" and "Kennedy and Roosevelt: The Uneasy Alliance," will speak on research underway for his latest book, a comprehensive history of the Cold War in the Kennedy years.

Olympic Champion Visits Hospital

Olympic champion Doug Heir of New Jersey recently paid a visit to Northeast Rehabilitation Hospital in Salem, N.H., to kick off this year's "Feet First, First Time" campaign. A quadriplegic since a diving accident nine years ago, Heir brought a message of inspiration to the patients. "Everyone has a handicap in one form or another that hinders him from total accomplishment," he told a standing-room only crowd. He encouraged listeners to focus on their strengths and the things they can do, rather than on what they cannot do anymore.

Heir has practised what he preaches. Since his accident, he has finished college, graduated Rutgers Law School and passed the bar and won three gold medals in the handicapped division of

the Olympics. He is the first wheelchair athlete to be pictured on the Wheaties cereal box.

A crew from NBC's "Today Show" recorded him counseling other spinal-cord injured patients during his visit.

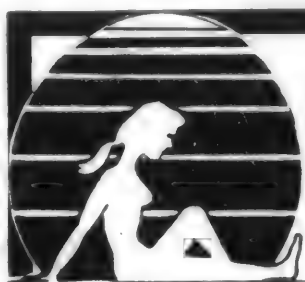

"Feet First, First Time" is part of a national campaign sponsored by the American College of Neurological Surgeons and the Congress of Neurological Surgeons to prevent head and spinal cord injuries. The concept is to jump rather than dive into any body of water when uncertain of the depth. This educational program is conducted through the schools and is jointly sponsored locally by New England Neurological Associates and Northeast Rehabilitation Hospital.

Kid Safe Program To Be Held At Hospital

Kid Safe, the free child safety program sponsored by Lawrence General Hospital, will be offered on Saturday, May 9, from 1 p.m. to 5 p.m. This event is designed for children, ages five to 12, and their parents and covers topics ranging from "Kids and Drugs" to first aid and fire safety. More than 200 youngsters and their parents attended the fall 1986 Kid Safe program.

"Kids and Drugs" has been added to the program to instruct children about the hazards of taking drugs and how to say "no" to drugs. In addition, Kid Safe will offer classes that provide hands-on training in first aid, fire safety, emergency telephone calling, personal safety, baby-sitting and, for children 10 and older, CPR (Cardiopulmonary Resuscitation). A fingerprinting station and photo station are provided for those who wish to establish a permanent record for identification to aid parents and law enforcement officials should a child be lost or kidnapped.

LGH health care professionals and experts from local fire and police departments will help children and their parents learn about safety. They will teach children how to think and react safely, especially when parents are not available. Parents are encouraged to attend classes with their children.

The programs will be offered continuously throughout the afternoon. Sessions will be 20 minutes long, repeated every half hour.

To register call the education department at Lawrence General Hospital. This program is made possible by the support of the Merrimack Valley United Fund.

Comedy Reflects Dilemma

Peace is no joke, unless presenting Tim and Tom DeFrang's brilliant satiric comedy, "Alice in Blunderland," loosely based on Lewis Carroll's eccentric characters in "Alice in Wonderland." "Blunderland" transforms Alice's journey into a riotous musical commentary on the Nuclear Age. Sponsored by the North Andover People for Peace and the North Parish Unitarian Church, the cast of "Blunderland" is preparing performances for June 12 and 13 at North Andover High School. Reader Poll Results

Memorial Hall Library's reader poll, conducted during National Library Week, produced some interesting results. Only two titles, "War and Peace" and "Pride and Prejudice" were mentioned by more than one adult reader as the best book ever read. Other best books included children's stories such as "Anne of Green Gables," "The Secret Garden" and "Alice in Wonderland" and such classics as "Walden," "Wuthering Heights" and "Nicholas Nickleby."

One hundred and twenty-five patrons took time to register their favorite books and authors in this national poll conducted by the American Library Association.

The funniest book award goes to "Lucky Jim" by Kingsley Amis, mentioned by more people locally than other book in the whole poll. Other funny titles included books by Art Buchwald, Erma Bombeck and Robert Benchley.

The scariest books appear to have been written mainly by Edgar Allen Poe or Stephen King and include other scary titles such as "The Turn of the Screw" and "Rosemary's Baby."

Apparently the Bible has the most influence on people's lives, according to the poll, followed by other inspirational books such as "Science & Health," "The Kingdom Within," "No Man is an Island" and "The Power of Positive Thinking."

John D. MacDonald was the most favorite author, followed by Jane Austen, Robert Ludlum, Charles Dickens, Dick Francis and Anne Tyler. Men prefer fiction and books on current issues while women enjoy biographies, fiction and mysteries.

Teenagers' favorite books range from their childhood titles such as "Charlotte's Web" and "The Wizard of Oz" to current science fiction, such as "Centaur Aisle," and classics, such as "The Great Gatsby" and "To Kill a Mockingbird." Books they feel influenced them range from the Bible to "Animal Farm" and "Did You Hear What Happened to Andrea?" "Animal Farm" also showed up in the scariest group along with the predicted Stephen King titles. Boys prefer fantasy and science fiction, girls prefer romance, biography and psychological suspense. Favorite authors range from Piers

Anthony and Stephen King to Lois Duncan and Janette Oke.

The overwhelming choice for a place to read for both teenagers and adults is in bed at night. Men also like their recliners.

Which all proves that the best-loved books read in the early years continue to influence people throughout their lives and current authors must vie with the likes of Dickens, Tolstoy and Austen for reader popularity.

Sales, Earnings Up At Gillette

Sales and earnings of The Gillette Company rose above the levels of the first quarter of 1986, Colman M. Mockler, Jr., chairman and chief executive officer, told the annual meeting of stockholders.

Sales for the three months ended March 31, 1987, were \$762.1 million, an increase of 16 percent from \$655.2 million in 1986. Profit from operations was \$128.9 million, up 22 percent from \$106 million a year earlier. Pretax income was \$96 million, compared with \$77.6 million in the first quarter of last year, up 24 percent. Net income of \$55 million increased 22 percent from \$45 million in 1986. Earnings per share of 96 cents compared with 72 cents the prior year, an increase of 33 percent. Earnings per share, assuming full dilution, were 94 cents, compared with 68 cents a year earlier, an increase of 38 percent. First quarter results are not necessarily indicative of those for the full year.

Sales of Gillette North America were moderately higher and profits rose sharply from the corresponding quarter of 1986. Gillette International's sales and profits were sharply higher than the levels of a year earlier. Diversified operations' sales were well above and operating profits equalled those of the first quarter of last year.

Net interest expense, net exchange losses and the effective tax rate were higher in the quarter,

while the other non-operating expenses were lower than last year's first quarter.

Mockler said that the company continues to operate in a business environment that places heavy emphasis on short-term financial results. By adhering to current strategies including the incorporation of the restructuring program into the existing major strategic corporate objectives, the company will be in a position to maximize value for all stockholders, both in the short and long term.

As previously announced, the board of directors has declared a two-for-one stock split in the form of a 100 percent common stock dividend to stockholders of record on May 1, 1987, subject to approval by the stockholders' at the annual meeting of an increase in the authorized common stock to 290,000,000 shares of \$1 par value from the present 145,000,000 shares. Certificates for the new shares will be mailed to stockholders late in May.

The directors established a quarterly dividend rate of 19 cents per share on the newly split shares. The new annual rate of 76 cents per share is equivalent to \$1.52 per share before the split, an increase of 12 percent, compared with the former rate of \$1.36. The dividend is payable June 5, 1987, to stockholders of record on May 1, 1987.

'Andover In Bloom' Exhibited

"Andover in Bloom," an exhibition and sale of color photographs by John A. Gould, will take place at Andover Antiquarian Books and Gallery, 68 Park St., May 1-30. The show will highlight native flowers from the reservations of A.V.I.S. (Andover Village Improvement Society).

Gould has been teaching in the English department of Phillips Academy for the last five years and has served as a dean of one of the residential clusters for the last three years. He coaches soccer and nordic skiing.

Gould is the author of two cookbooks, "The Great Little Hot Dog Cookbook," Doubleday, 1972, and "The Brown Bag Cookbook," Doubleday, 1975, and a novel, "The Greenleaf Fires," Scribners, 1978. He has also published articles in "Down East," "Yankee," "Historic Preservation" and others and is reworking a sequel to his

novel, tentatively titled "A Cry From the Ground."

Gould bicycled across the country in the summer of 1976 when he became interested in the wild flowers growing by the road and often stopped to photograph them. From this grew an avocation in the identification and photography of wild flowers. For his own amusement, he has undertaken a wild flower survey during the last four years on AVIS reservations, which has resulted in a list of more than 210 species and photographs of many of the showier specimens of these plants.

Gould will be at Andover Antiquarian Books and Gallery on Friday, May 1, from 7 p.m. to 9 p.m. and Saturday, May 9, from 1 p.m. to 4 p.m. to discuss his work with those who may be interested. Refreshments will be served. There is no admission charge.

Pike Exhibit Displays Project

A two-day program at The Pike School in Andover on April 30 and May 1 will feature students in grades 5-8 preparing an exhibition of materials they have been working with all year as part of a special international project. Exhibits on Friday afternoon will include guided tours of a replica of a 50-foot vessel, illustrations of the arts of scrimshaw and knot-tying and life-size models of south sea dolphins. All this activity will be associated with the BOC Challenge, a program in which Pike students have been involved since last September.

Sponsored by the British Oxygen Corporation, the BOC Challenge is a single-handed, around-the-world race which brought 36 sailors from 17 countries to Newport, R.I., last August to compete in an eight-month, 27,000-mile race due to finish in Newport the first week of May. What

has separated this race from other tests of endurance is that students in 50 schools around the world were invited to be vicarious participants through a system of international computer hook-ups.

Pike has been part of the computer network and students adopted captains in the BOC race last September. For eight months students have been charting courses for their adopted boats, have kept daily logs in which they have recorded their experiences at sea and in port and have utilized the BOC computer network to be in touch with the captains.

The exhibit is an opportunity for the participating students to share what they have learned during this year-long project.

Sgt. Kevin P. Moore, son of Natilie R. Wedge, 25 Fernview Avenue, North Andover, has completed a U.S. Army primary leadership course.

COUNTER POINT

It might seem surprising to discover that a countertop can be replaced without replacing the cabinet below it. If the existing surface is in good condition, new material may even be laid atop the old. In any case, removing the countertop from the underside is not especially difficult. The counter may appear to be a permanent part of the base cabinet. Chances are, however, that it has a separate top that is simply screwed in place from the bottom side. Once the old one is off, it would be a simple matter to renew the kitchen area with a new choice of top. If the whole cabinet/counter is old and needs replacing, view it as an opportunity to add new life to the kitchen.

Have you given up the idea of a kitchen remodeling? If cost is of primary concern, then take things one step at a time. Brighten up your kitchen with new counters and backsplashes. There are many new counter materials available in wonderful colors and patterns. They may even give your cabinets a brand new life. In time you can come back to WINDSOR KITCHENS and we'll work around your new counters and create beautiful cabinets to complement and enhance your present decor. Explore the possibilities with us at 1101 Boston Rd., Ward Hill. We're here Wed. 9-6; Thursday 9 to 5:30; Friday 9 to 5:30; Saturday 10 to 2; Sun., Mon., Tues., closed or by appointment. Call us at 272-3444.

Rev. Todd Honored For Service

Rev. Jim Todd, director of Rolling Ridge, Great Pond Road, North Andover, was honored on Monday, April 20, by the staff of Community Day Care Center of Lawrence, Inc., at their annual Inservice Day. Since 1972, children and staff of Community Day Care have used Rolling Ridge, a 40-acre Methodist conference center, for its summer programs. Activities such as nature walks, swimming lessons, picnics and outdoor games have provided many new experiences and happy memories to hundreds of Greater Lawrence children. A plaque, commemorating Rev. Todd's support during the past 11 years, was presented during the luncheon segment of the day's activities.

Rev. Todd, who has a background in the field of child care, is a true friend to day care and is acutely aware of the need for trained, qualified child care professionals. Each year, the agency's workforce, totalling more than 150 staff and family day care providers, participates in a day of training activities, to enhance and promote the professionalism of Community Day Care. This year's workshops included such topics as "Storytelling Techniques," "Understanding and Supporting the Needs of Protective Families," "Creative Games" and "How to Stimulate Language to Encourage Reading."

More than 464 children between the ages of one month and 12 years are enrolled in the six programs run by Community Day Care Center, 60 percent of whom are representative of Spanish-speaking cultures. These programs include Lawrence Infant/Toddler, Los Amigos Child Care, the Latchkey Program, Community Day Care Center's Family Day Care System, its Pre-school Program and Andover Community Child Care, which is located on the rounds of Phillips Academy. Community Day Care Center, a non-profit private agency, has been providing quality child care to Greater Lawrence families for the past 17 years.

Raytheon Earnings Increase

Raytheon Company reported a 10.3 percent increase in earnings and a 15.1 percent increase in earnings per share on a sales increase of 1.4 percent in the first quarter of 1987, compared with the same period last year.

Earnings for the quarter were \$101.8 million, or \$1.37 per share, and sales were \$1.750 billion. In the first quarter of 1986, the company earned \$92.3 million, or \$1.19 per share, on sales of \$1.725 billion.

The increase in earnings for the quarter was due to improved operating performance and lower taxes, while earnings per share were further enhanced through fewer shares outstanding.

Sales increases in electronics, major appliances and other lines were offset by decreased sales in energy services and aircraft products, all compared to first quarter sales a year ago.

Electronics, led by electronic defense systems, remained the largest contributor to company sales and profits. Major appliances continued to perform strongly, with Amana setting the pace.

The general aviation market remained weak. Although sales of Beech Aircraft were down, operating performance was improved compared with the first quarter of 1986 due to continued cost reduction efforts.

The decrease in energy services sales was primarily due to the winding down of

construction of a major power plant by United Engineers & Constructors and the continued weakness in oil exploration services and the petro chemical industry. These factors were partially offset by sales from Stearns Catalytic, acquired by United in the fourth quarter of 1986.

Sales increased in all areas of other lines.

The company's funded backlog of U.S. government orders stood at \$5.206 billion compared with \$5.922 billion at the end of March last year. The total backlog was \$7.520 billion versus \$7.912 billion last year. A \$3.55 billion contract covering five years of production for the Patriot air defense system was awarded to Raytheon shortly after the close of the first quarter. The funded first-year increment of \$948.8 million will be included in the company's backlog for the second quarter.

Earnings per share are based on the average number of shares outstanding during the period. In the first quarter this year, average shares outstanding were 74.2 million compared with 77.8 million in the same period last year. Raytheon purchased 4.2 million shares of its stock during 1986.

Provisions for federal and foreign income taxes in the first quarter were \$55.9 million in 1987 and \$59 million in 1986. The effective tax rate was 35.4 percent in 1987 versus 39 percent in 1986.

Total employment at the end of March was 75,300.

Andover Garden Club Show Friday, Saturday

After many months of planning, the Andover Garden Club will present its "Familiar Things" Standard Garden Show at the Andover Historical Society, 97 Main St., Friday, May 1, from 12 noon to 5 p.m. and Saturday, May 2, from 10 a.m. to 4 p.m. The judged show will be open to the public.

Visitors will admire judged and ribboned award designs in several categories. These include arrangements of fresh plant material at a door of entry, fresh plant material on a hall table showing oriental influence, dried and/or fresh plant material in a design appropriate for a mantel in a period room with accessories permitted, candlestick epernettes of all fresh plant material placed on a fragment of fabric supplied by the committee and "elegant attire" which will focus on a design for a hat to complement an authentic period gown supplied by the Andover Historical Society. Each of these categories will be represented by four entries.

There will be an extensive display of horticulture, including deciduous flowering branches, broadleaf evergreens in bloom, narcissus in an array of color, tulips, minor spring bulbs such as iris and hyacinthus and many varieties of perennials. The Arboreal Award, the Award of Merit and the Sweepstake Award will be given to the exhibitor winning the largest number of awards in the horticulture division.

The show will include a sale of plants, all grown by club members in their gardens or greenhouses. Mrs. Adeline Wright, a devoted gardener and honorary member of the organization, is coordinating this area of the program. She is also an advisor for the Junior Garden Club, which will present design interpretations under three categories: "Scholar's Helper," a border design of dried natural materials on a slate; "Hot Stuff," a design of all fresh

material in a mug; "Finished Work," an arrangement of fresh and/or dried material in an inkwell. Mrs. Paul J. King is chairman for the juniors.

There will also be a non-competitive display of flower-filled candlestick epernettes by five of the club's outstanding designers, all of whom have achieved "honors standing" in the Garden Club Federation of Massachusetts, Inc. These talented presenters are Mrs. Robert H. Lange, club president, Mrs. Ralph H. Hill, Mrs. Dean R. Swan, Mrs. Alfred Syiek and Honorary Member Mrs. Robert G. Richards.

Refreshments are included in the price of the ticket. Ann Caspar and Mrs. Paul Cook are responsible for this hospitality.

Other areas of interest are a boutique of many garden and gift-related items made in workshops or contributed by club members.

There will also be a display of "attic treasures" from members' and friends' homes, including interesting flower pots and containers.

Tickets will be available at the door and include the normal price of admission to the historical society, which portrays and documents typical Andover architecture and the artifacts and furnishings of bygone eras as well as the clothing of the period.

Tickets are also available through any club member or by contacting Mrs. Anthony Sakowich, ticket chairman.

In 1809, when he was 27, Captain Allardyce Barclay of Ury, Scotland, walked 1,000 miles in 1,000 hours.

The Public Forum

Leading The Way

To The Editor Of The TOWNSMAN:

Well, Phillips Academy did it again. Phillips Academy is first in the exchange student program with the Russians. This is the only way that we are going to really improve the situation with the Russians. Of course, it has got to be done by the schools all across the country and I can't think of a better place to start it than Andover High School. Our high schools could exchange with the Russian high schools. In 20 years time, we would have a crop of young people in both countries with a much better understanding of each other.

Let's look into it and make the first move. Phillips Academy has shown the way.

Reduced Parking Requirements Asked For Business Addition

By Karen L. Day

A public hearing was held in regard to a petition for a reduction in parking requirements of a General Business district, submitted by Georgina Lane and Shirley Labrie, for 42 Park St., the site of the Town Grille and a dry cleaners', at Tuesday night's meeting of the Planning Board.

The owners hope to build a 6,000 square foot addition to the present structure and to use some \$100,000, revenue from the rental of space in the addition, to refurbish the existing structure.

Bill O'Neill, of O'Neill & Associates architectural firm, explained that if the addition were 3,000 square feet, they would be able to meet the parking requirements, but that that size addition would not be cost effective and would not generate enough income to allow the owners to refurbish the existing structure as planned.

O'Neill continued, commenting that the addition would "radically change the appearance of the building, could increase the incentive of neighbors to upgrade their property...increase business potential for others in the Central Business District...and increase tax revenues to the town."

When board member Paul Curley questioned O'Neill regarding other designs that would allow the owners to come closer to meeting the parking requirements, O'Neill answered that no other designs that were affordable would add more than three more spaces than

this one.

Florence St. abutters expressed concern regarding the closeness of the proposed structure and parking spaces to their property lines and wanting specific information regarding a buffer zone. Town Planner Laura Hill explained that stockade fencing could be provided.

Head Planner Nancy Jeton was asked about the possible impact of more businesses on the already over-crowded parking conditions in the Central Business District. Jeton's response was that the current businesses located at 42 Park St. do not receive the brunt of their customers during the middle of the day—the time when parking is hardest to find in the area.

Curley expressed a lack of enthusiasm about the location and design of some of the proposed parking in that turning radiuses were poor, in his opinion. At which point Sandy Levine, 27 Florence St., added that the blocked view from Park St. to the rear parking area would encourage teenagers and Town Grille customers to loiter late at night.

Levine explained that there has been trouble in the parking lot in the past and that police were summoned numerous times. "I'm not against this," she said, "I just want some protection."

Atty. Victor L. Hatem, representing the owners of the property, stated that they would be willing to install lighting in the lot that would not disturb the abutters, but would discourage loitering.

At this point, in the absence of Chairman Michael Houghton, board member Carl Byers continued the hearing and requested that the owners have "more dialogue with the neighbors." He also commented that the board would want to obtain the opinions of the Police and Fire Departments, study the section of the zoning by-law in question and walk the site before voting on the petition.

After another public hearing, where little protest was heard, the board voted unanimously in favor of a special permit—with conditions—to allow earth movement at the Woodland Park development.

In all, six conditions were placed on the decision:

First, erosion control measures must be carried out as set forth in construction drawings.

Planned stockpile areas must be located and stabilized as designated on plans and any additional stockpile areas must also be stabilized.

A schedule for the hauling of gravel to the site for road construction must be submitted to the board and is limited to weekdays.

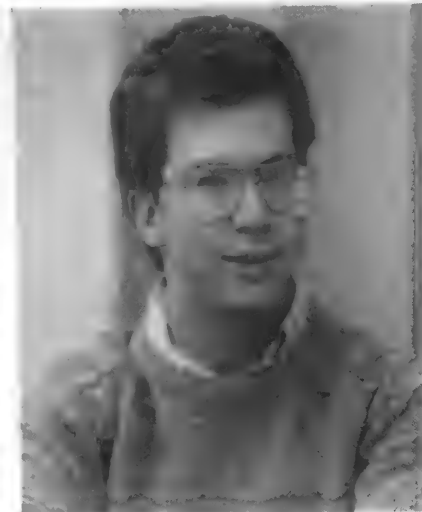

Any earth movement recalculations resulting from the change in the layout of the haul road, requested by the Conservation Commission, must be submitted as well.

Finally, the board and the Department of Public Works must receive results of

test borings and their analysis before the remaining portion of the roadway is constructed.

The board also conducted a site plan review of "Spruce Tree Business Center," for the construction of two office buildings along Campanelli Drive, off River Road, and voted in favor of the plans with four conditions.

Selectmen Examine Parking Problems In Forest Area

By Karen L. Day

The Andover Board of Selectmen Monday night addressed an issue brought to their attention by citizen complaints—the parking situation on Harold Parker Road.

Chairman Gerald Silverman explained that, after hearing complaints from residents in the area of Harold Parker Road, he went out and drove through the neighborhood and found that the complaints were quite valid.

Residents in the area expressed concern about traffic and parking on both sides of the street, possibly blocking emergency access. This occurs during both fishing and cross-country skiing seasons, they said.

Silverman commented that the intersection of Harold Parker Road and Jenkins Road "was unbelievable—it looked like a very dangerous intersection, and I've heard about a lot of accidents."

Town Manager Kenneth Mahony added that the intersection of Jenkins Road and Salem St. is even more dangerous.

Silverman explained that the board would be collecting accident information from the police department and he thinks that the only probable solution was to restrict parking to one side of the affected streets. Silverman also hopes to establish where it may be possible to create more off-street parking areas—or at least a better way to designate where current areas are located.

Selectman Williams Downs asked if the state would even consider a proposal for more parking lots, and was answered by a humorously sarcastic William Dalton, "Sure—if you want to wait until the 1990s...."

In other business:

The board voted unanimously to allow New England Telephone and Telegraph

to lay and maintain underground conduits and manholes and to erect a supportive pad and apparatus cabinet, on Dascomb Road—after being assured by a company representative that they had made it very clear to affected residents what the equipment would look like and that residents had no objections. Mahony requested, and received a condition that the company would work with the Building Inspector's office.

In other unanimous votes, the board appointed George Walsh, a teacher at Bancroft Elementary School, to the Town Meeting Improvement Committee, and accepted, "with regret," the official resignation of Selectman John Scileppi. The board will, at their next meeting, decide whether to appoint someone to serve the remainder of Scileppi's term, until next year's election, or to hold a special election to fill the vacancy.

Named Merit Scholar

The National Merit Scholarship Program has named Mark D. Hessman of Andover, a senior at Phillips Academy, as a National Merit Scholar and winner of a \$2,000 college scholarship.

Hessman, a member of the Cum Laude Society, is editor of "The Leaky Pen," a satire publication. He is co-chairman of his clusters' social function committee and co-head of cluster student tutoring. Other positions include president of the computer club, board of the Jewish Student Union, proctor for the computer literacy center, member of the Andover Drug Awareness Committee, admission tour guide and volunteer at Lazarus House and Bread and Roses. He is employed part time at Online Computer Systems of Andover in sales, training and technical support.

Son of Erika and Lawrence Hessman of Andover, Hessman plans to study computer science, probably at Brown University.

Handsprings Craft Fair

The annual Handsprings Arts and Crafts Fair was held last Sunday in the Case Memorial Cage of Phillips Academy with nearly 140 artists showing their works, and a near capacity amount of spectators.

Pictured, top row, are: Dickie Thiras and Mary Mozo, who are both associated with Phillips Academy, sell tickets to the fair to Holly Lendt of Danvers and her guest; Laura, Rob and Maria Bartlett, 3 Timothy Drive, work on their Maptown display; and Judy Hamilton, co-chair of Handsprings, "monkeys around" with Vanessa Fredricks, 2, daughter of Maureen Fredricks of Wilmington.

Second Row: A young fair-goer plays with a handcarved marble-rolling track; Case Memorial Cage was filled with craftspeople and many area residents; and Handsprings co-chair Jennie Cline and husband, Andy, chat during the fair.

Bottom Row: Phillips' President of the Board of Trustees, Melville Chapin, and board member, Philip K. Allen, looked out over the capacity crowd as they talked; Dave Dearborn discusses Theorem Painting with Carol Hopkinson; and Brenda Young cradles her newly acquired soft sculpture doll.

Quorums And Meetings

Selectmen this week decided to call a special town meeting in order to finalize the annual session which was dissolved with about eight articles remaining.

It is a wise and judicious move which will remove any doubts about the legality of the closing of the 1987 annual town meeting. Such action was suggested by the Andover League of Women Voters a week ago and supported here editorially.

The warrant for the special session was opened Monday night and will remain open until the meeting of the selectmen next week.

Already there are additional items being suggested for insertion. Selectman William Dalton has asked that the town consider eliminating the quorum requirement after the opening session of town meeting. Also, Dalton wants consideration of a fall town meeting to act on non-budgetary items. Both seem unnecessary.

As for the quorum issue, it has been debated from time to time and consistently been maintained at the 350 level.

There was a time when town meeting was asked to consider establishing a quorum based on the percentage of registered voters, a level almost too difficult to attain.

Feeling is that the 350 voters needed to transact the town's business is a fair number. If the community cannot produce 350 people interested in overseeing the town's business, then the whole

business of town meeting ought to be looked at carefully and even dropped.

Consider, for instance, the removal of the 350 requirement after the initial session. It is entirely possible that on the second night of town meeting there could be as little as ten to 25 people present to act on such matters as million dollar projects. While that might never happen, elimination of the quorum requirement makes it entirely possible.

It is strongly suggested here that the quorum figure remain where it is as long as the open town meeting concept is maintained in Andover.

As for the fall town meeting, several years ago a bylaw was adopted making it mandatory for a fall town meeting.

Originally designed to accommodate planning, zoning and non-financial items, the fall session soon became involved in such things as new schools and other major money items.

Then, once the major projects were out of the way, interest waned in the fall session with the result that the town administrators decided that such a session was unnecessary.

The bylaw was removed, with the understanding that if pressing business required town meeting action, selectmen could call a special session or citizens could petition for same.

That is how the matter was left and, frankly, there doesn't seem to be any need of changing now.

Bidding Goodbye; It's Time To Move On

By Susan K. O'Neill

Well, this is it. The last column.

I thought it was only fair, after all this time working for the TOWNSMAN and, I hope, for the people of Andover, to say goodbye.

So I'm saying it.

Not that I'm really going anywhere. I fully plan to stay in town for a long, long time.

It's just that I won't be here, on these pages.

This job has been fantastic. I've loved the work; I've loved the connections I've made with the community. I've even enjoyed those meetings, and all those kids who have entrusted their toothless grins to my camera lens. I hope that I've left all those ties intact for my co-workers, and that access to the paper will continue to be an easy, open thing. I know that, if they have anything to say about it, it will be.

But it's time to move on.

To what?

I'm not sure.

A couple of months ago, for a lark, I had my fortune told by this delightful lady in Lawrence. She assured me that something good would come my way soon. In the fifth month, perhaps—or in the seventh.

Or maybe, she said, it would be in five to seven months.

Whatever.

At any rate, I'm looking for that something (I suspect that we all are).

I leave the TOWNSMAN with more than I had when I came—more experience, more human insight, more friends and more confidence in my own abilities to function in the workaday world. For a former housewife, that's quite a bit.

I only hope I gave it—and you, its readers—as much as I got.

Be assured that, even though you won't find me here, you'll find me around.

You might find me in the garbage bags section of DeMoulas, still searching for that perfect replacement for the Andover trash bag.

Or you might find me in the schools, chasing after my kids. Picking them up from the nurse's office, when they break their bones on the playground. Or maybe telling stories, or complaining about all that stuff they're making my kids sell me.

Or maybe you'll find me on some book shelf—the fortune-teller informed me that I will publish that novel that's been rejected so many times.

Maybe you'll see me on some committee that makes the town go around; I tossed my name into the Talent Bank at Town Meeting.

If I've learned anything about myself in the year and a half I've shared with the paper—not counting that first year, when I hovered at its petticoat, writing Business Profiles—it's that I won't be able to stay home long. I need an excuse for the state of my house; the gods know, I can't spend my life cleaning it.

So maybe, just maybe, you'll find me at the desk next to you some day.

I hope you don't mind if it's messy.

Down The Years With The Townsman

75 Years Ago — April 1912

The concert which is to be given in the Christ Church parish house on Friday evening by the boys' choir, under the direction of B. Frank Michelson, promises to be of great interest to the music-lovers of Andover.

A report has been made during the last week by the legislative committee having the matter in charge in favor of a change in motor fees. Instead of the burden falling upon the owner of high-powered cars, the bulk of the increased fees will be paid by the owners of the smaller powered machines.

Phillips Academy opened for the spring term on Friday of last week. The first baseball games in the interclass series were played on Wednesday afternoon; 1912 played 1915, and 1913 opposed 1914.

The identity of the men who on two successive nights broke into the Boaton and Maine station at Lowell Junction recently has not yet been discovered, although police are making strenuous efforts to find out the culprits.

50 Years Ago — April 1937

Echoing the sentiment of opposition against dog tracks which has recently risen in Methuen, Andover's Board of Selectmen Monday evening went on the record as being "opposed to the establishment of any dog track in Northern Essex County."

It's comforting to know that the fence viewers and surveyors of wood, bark and lumber have all been named for the coming year.

The school department received a bid of under \$6 on soft coal, which sounds pretty soft to the homeowners who find paying hard coal prices hard.

The male sex's superiority showed qualitatively and the

female's quantitatively this morning when Principal Nathan C. Hamblin of the high school made his annual announcement of the honor-part winners for the June graduation.

The Western Union Telegraph Company, now located on Park St., will be moving into the former offices of the Bernard McDonald Coal Company.

25 Years Ago — April 1962

Specifications will be drawn up sometime soon, and bids will be sought for the collection of garbage in all areas of town. Town Manager Thomas E. Duff said he is studying the types of contracts used in other communities before writing the specifications here. This will be done in cooperation with the Board of Health, he asserted.

One of the unfortunate by-products of any decision on parking in Shawsheen Village is that some residents will be angered. If parking goes in off Fleming Ave., or in that area, residents west of the railroad won't complain, but those in the immediate area will. And so it will go, wherever cars are allowed to park or wherever access is allowed into an off-street site.

A grant of \$2,000 has been awarded the Stevens Memorial Library in North Andover for the development of a collection of books, records, toys, games and puzzles, both for use in the library and for borrowing. It is expected that the collection will be of particular use to special needs students.

A sixth grade student from Andover has earned highest honors in the fifth annual Elementary Education Ecology Poem and Poster Program sponsored by the U.S. Environmental Protection Agency. Chris Bachman, from the

For Those Of Us Who Are Older

By Janet D. Lake

This year's Senior Prom is a sell-out! Scheduled for May 7 at the Andover Country Club with super dining and dancing, flowers for the ladies will be included in the ticket price. No need for your "date" to get you a corsage. There will be flowers waiting for you at the Club. You who have not purchased tickets and are now disappointed may mark the date for the third annual prom, May 5, 1988, at Sheraton Rolling Green. This year's gala begins at 5:30 p.m.

The hearing screening on May 12 is fully booked, so additional dates have been scheduled. The next is Tuesday, May 26, from 2 p.m. to 4 p.m. and a date in June is to be announced. Appointments are required and may be made by phoning the center. This free screening program is extremely valuable in helping you maintain your hearing ability. If you feel that you're living in a quieter world full of people who mumble or with music that has no melody, only a beat, you may need some help with your hearing. Call today.

Wednesday is Prince Spaghetti Day. On Wednesday, May 13, at lunch time and for the usual 50 cent fee, you'll enjoy a special Prince spaghetti luncheon with students from Sanborn School. There will be demonstrations of spaghetti art, music and surprises. You'll want to be there. As usual, you must call and reserve a place for your lunch. And remember to bring the UPC code pieces from any Prince products you may have purchased lately. The children at Sanborn are helping with the project. The Prince Company will help in getting equipment for the senior center, in exchange for the code symbols. If you need more information on the spaghetti luncheon and to make your reservation, call the center at 470-3830.

Tickets for the May 14 Greater Lawrence Association of Councils on Aging Annual Recognition Dinner will go on sale at the center May 5. Andover's Don Scott is this year's honoree. Join us at the Voke School for dinner and to let Don know we appreciate him. Tickets usually go quickly, so get down early to buy yours. They cost \$2.

Right after lunch on May 6, at 12:45 p.m., Catherine Murphy of Bon Secours Hospital will present a program on elderly fitness. The program is free and will help you to maintain a level of agility and activity. Come on down.

Special thanks are offered to those merchants and individuals who helped to offset some of the costs of the Senior Prom. Their support is most appreciated.

The next mini-clinic is scheduled at Stowe Court on May 12. Appointments should be made by calling the Andover Health Department at 470-3800, ext. 255.

Exceptional high school students from Scandinavia, France, Australia, Germany, Holland, Great Britain and Spain are looking forward to spending the upcoming academic year in America as exchange students. Local families are needed to host students in Andover and surrounding areas.

sense of humor!"

The students are between 15-18 years old, are fluent in English, fully insured and have their own spending money. They expect to share household responsibilities and be included in family activities.

The qualified students have a great variety of talents and interests. Among the available students are: Tomas, from Spain, wants to learn American customs and the way of life. His interests include diving, basketball, soccer, billiards, and books. Petra, from Sweden, wants to get a second 'native language', meet new people and have lots of new experiences. She loves to dance! especially ballet and jazz-dancing. Among her other interests are reading, swimming and laughing all the time! Marc, of Germany, enjoys computers, politics, nearly all

kinds of sports and reading. he is very curious about the USA and is very much looking forward to meeting his new American family! Warrior Varsity Wins Two

The Andover varsity baseball team dropped a tough 2-0 game to Chelmsford despite the fine pitching of Steve Surette.

That game was followed by a 12-2 win over Methuen with Cam Deery having a great day.

That was followed by a 10-8 win over Haverhill High School with Surette pitching another fine game.

Chelmsford 2 - Andover 0

Sophomore Steve Surette's fine performance went for naught as the bats were shut down by Chelmsford.

The teams were locked in a scoreless tie for four innings thanks to the fine pitching of Surette and some great defensive plays by third baseman Cam Deery. Chelmsford pushed one across in the fifth on a single which was followed by a triple.

Andover's only scoring threat was in the sixth when Scott Wallace singled and was sacrificed by Matt Pothier to second. But the next two hitters were unable to score Wallace from second. Chelmsford scored on a triple and sacrifice fly.

Surette allowed four hits, struck out six, walked one and allowed two earned runs. Deery played an excellent defensive game at third base.

Andover 12 - Methuen 2

The keys to this game were the relief pitching of Tom Murray and the timely hitting of Cam Deery.

Murray pitched four innings of three hits, four strikeouts, one walk and two earned runs.

Deery had 3 hits and 5 RBIs; Steve Howes had 3 hits and 2 RBIs; Glen Allard had 1 hit and 3 RBIs; Chris Sapuppo had 2 hits and 2 RBIs.

Mark Hashem finished the game in relief of Tom Murray.

Andover 10 - Haverhill 8

Another fine pitching performance by Steve Surette almost went for naught.

Rick Lafond started things off with a home run in the first inning.

Steve Howes walked in the second inning and Cam Deery followed with a single. After stealing second, Deery put runners on second and third. This was followed by a singly by Chris Concemi, bringing Howes and Deery home and giving Andover a 3-0 lead. Ryan Murphy followed with an infield hit. A wild pitch moved runners to second and third and Chris Sapuppo drove Concemi and Murphy in, increasing Andover's lead to 5-0. Deery tripled and came home on a single by Steve Howes in the fifth.

Surette was pitching an excellent game. He gave up his first hit in the fifth inning when he allowed a couple of hits and some misplayed balls allowed Haverhill to score three runs.

Andover scored four runs in the seventh on walks, errors and hits.

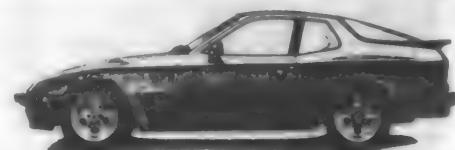

Surette was taken out after six innings, allowing 3 hits, 8 strikeouts and 3 earned runs.

Haverhill mounted a serious threat in the seventh due to de-

fensive lapses on Andover's part. Mark Hashem came in and did a good job, ending the threat

and securing a win for Andover. Andover is 2-2 in the league and 3-3 overall.

Tourney Nears Sell-Out

The first annual American Cancer Society golf championship is approaching the success of being a sold-out event for its inaugural golf outing Monday, June 1, at the Andover Country Club.

Chris Doherty, chairman of the fundraiser, reports that "the reception for this event has been wonderful. To date, we have listed 114 entrants who will play an 18-hole scramble. Qualified players will go on to the state and

national championships. We still have room for seven more foursomes, but these slots will probably fill up within the next few weeks."

The first lucky golfer to ace the designated hole-in-one will drive away in an antique 1939 Dodge sedan donated by Tom Berenboim of Clark Motors.

Any business interested in sponsoring a hole as part of the festivities should contact Doherty.

Golden Warrior Nine Sweeps

By Dan Grams

The Andover High School junior varsity baseball team won three contests during spring break. Behind the outstanding pitching from Keith Abernathy, John Russell and Todd Mustrait, the junior Warriors improved their overall ledger to 6-1.

Andover 10 - Lowell 8

Andover outlasted Lowell 10-8 in a game marred by poor weather and 24 base-on-balls between the two teams.

Andover spotted Lowell an early 1-0 lead before countering with a pair of runs in their home half inning without a hit.

The Golden Warriors built their lead in the second as Paul Demarco drew a leadoff walk, Matt Pothier reached base when his ground ball turned into a Lowell misque, Andy Weiner had an RBI single and walks to Keith Abernathy and John Glynn brought two more runs. Mike Moriarty closed the scoring with an RBI safety.

Moriarty again put Andover on the scoreboard in the fifth. The Warrior captain unloaded on a high fast ball, delivering it well over the outfield's head for a triple. Abernathy picked up his second walk of the day, putting runners on second and third. Barry Connors delivered both runners with a line shot into the left-centerfield alley.

Lowell picked away at Andover starter Barry Connors all day, tagging the righthander for six safeties and drawing six walks.

Keith Abernathy was summoned with Lowell closing the gap 10-6. With a runner on third, he retired the side 1-2-3 to get Andover out of a jam.

Lowell would challenge in the sixth and seventh, but Abernathy was equal to the task each time.

Moriarty collected three of the Golden Warriors' six hits. Pothier, Connors and Weiner had the other hits.

Andover 12 - Chelmsford 5

Good pitching, good defense and timely hitting spelled success as Andover rolled over Chelmsford 12-5. Righthander John Russell raised his record to 3-0 throwing six hit balls while helping his cause at the plate with three hits to pace a balanced 13-hit attack. Second-sacker Ryan Murphy spearheaded the infield that handled 14 chances

Penner On Team At Dickinson

Jeffrey Penner, son of Mr. and Mrs. and David A. Penner, 35 School St., Andover, is a member of the Dickinson College baseball team.

"Our experience and depth should form a solid base on which to build," Coach Dick Wolfe said.

Penner, a freshman, is a graduate of Phillips Academy.

Founded in 1773, Dickinson is one of the 14 colonial colleges. Approximately 1,900 students are enrolled at the independent liberal arts school in south central Pennsylvania.

flawlessly.

Murphy opened the game with a single and worked the pitcher for a walk. Weiner followed with a walk and Russell rescued Murphy with an RBI single. Walks to Demarco and Peter Kannam brought in two more runs.

Andover put the game out of reach in the third, sending 12 men to the plate. They collected six safeties in the inning, highlighted by RBI singles by Murphy, Russell and Jackie Dalton and a run-scoring double by Weiner.

Russell surrendered just one run over the last four innings, striking out two while issuing seven walks and throwing three long balls.

Rounding out the offensive attack were Weiner, Murphy and John Glynn with two hits each. Todd Mustrait, Doug Howes, Kannam, Demarco and Moriarty chipped in with single safeties.

Andover 9 - Methuen 0

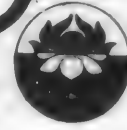

Andover ended the spring break with a clear sweep, defeating Methuen 9-0.

Righthander Todd Mustrait picked up his second win of the season, tossing a three-hitter while fanning four. He yielded two free passes while never permitting a Ranger runner past second all afternoon.

Andover jumped out front in the opening inning as the Methuen pitcher had a hard time finding the plate.

The Warriors upped the lead 4-0 in the second and 6-0 in the third as safeties by Moriarty and Kannam were the key blows.

Car Care

Now's the time to put your car in shape for summer driving. Triple A's spring car care prescription recommends the following:

Check radiator hoses for cracks and loose connections. Replace any that are more than four years old. Check all engine drive belts for cracking and slipping. Replace any belts more than three years old or with more than

50,000 miles.

Drain and flush radiator.

Replace the thermostat and refill the cooling system with the manufacturer's recommended combination of anti-freeze and water.

Check battery charging systems and starting systems.

Drain engine oil; refill with manufacturer's recommended grade of oil. Replace oil, filter with every oil change. Check all fluids.

Completely lubricate chassis.

Replace air filter and related emissions filters.

Check brake linings, brake fluid and hoses.

Inspect tires. Rotate, if necessary, and check air pressure and alignment.

Spring is a good time to wash the car and touch up scratches. Check lights, signals and windshield wipers for proper operation.

GDA Women Show Promise In Track

Two Governor Dummer Academy women were double winners in their opening track meet of the season Wednesday at Phillips Exeter Academy and overall GDA placed second behind Exeter and ahead of third-place Hyde School in the tri-school event.

Junior Lisa Sweeney of Fort Worth, Texas, in her first track outing for GDA, won the 100 meter dash in 13.9 and the 100 meter hurdles in 16.9. She placed third in the 300 meter hurdles in 54.7.

Amy Russell, a sophomore from Hampton Falls, N.H., easily won the 1500 in 5:14.4 and the 3000 in 11:33.

Also running well were co-captains Amy Mack of Byfield, who placed second in the 100 meter dash (13.9) and 300 meter hurdles (54.6) and third in the 100 meter hurdles (18.3) and Anita Russo of Newburyport, who placed second in the 800 meter run with a time of 2:35.5. Mack and Russo are seniors.

Freshman Alyssa Huber of Georgetown ran a superior anchor leg of the 4x400 relay and had a third-place finish in the 800 meter run (2:37.8).

Women's varsity tennis lost their opener 3-6 on indoor courts at Groton, but played well, says coach Margaret Childs, considering the little

practice they had had because of the rains. Junior Jill Packard of Hampton, N.H., won her eight-game pro set 8-6 while the doubles combos of Packard and senior Julie Donat of Rye Beach, N.H., and junior Mary Beth Childs of Byfield and junior Nancy Hough of Lake Forest, IL, prevailed 8-4 each.

The GDA women tied Buckingham, Browne & Nicholas 9-9 in sets on Wednesday, but lost overall by two games. In their first home match of the season, number one player Karen Patton, a senior from Rye Beach, N.H., won her singles matches 6-2 and 7-5, coming from behind 1-5 in the second set. Packard prevailed 6-4, 6-3, senior Kim Lawson of Wenham 6-3, 7-5 and senior Jacqueline Hayes of Exeter, England, 6-2, 6-0.

The women's lacrosse team stands 0 and 2, but some star scorers are emerging. In the opening 8-25 loss to Buckingham, Krowne & Nichols, senior tri-captain Paula McCarthy of Lynnfield and junior Anne Weitzman of Andover each scored two goals and in the 12-25 loss to Pingree School, Weitzman scored another four and junior Kara Moheban of Nashua, N.H., emerged with a high of six.

Other tri-captains are seniors Lisa DiIorio of Andover and Lucy Armstrong of Byfield.

Rick Apgar

Named Rookie Of Year

Rick Apgar, a senior at Wesleyan University in Middletown, Conn., and resident of Andover, was named Co-Rookie of the Year for his outstanding play on the men's ice hockey team while earning his first varsity letter in the sport, head coach Dave Snyder announced recently.

A forward for the Cardinals, Apgar joined the squad for his first season in 1986-87 and scored 16 goals and 13 assists for 29 points, ranking him second on the team in scoring. He had the finest plus-minus ratio on the team as he was on the ice for 31 of Wesleyan's 94 even-strength goals while opponents scored just 19 times while he was on the ice, giving him a plus-12 rating overall. Seeing action in each of the club's 24 contests, Apgar netted one power-play goal and scored the game-winning goal in the college's 4-3 victory over arch-rival Amherst.

Wesleyan enjoyed its finest season ever on the ice. Posting a team-record 14 wins, Wesleyan also set a team mark for consecutive victories by winning six games in a row toward the end of the year. Along with their 14-8-2 mark, the Cardinals captured their first Little Three title in five years by upending Amherst and tying Williams. Qualifying for the Eastern College Athletic Conference (ECAC) Division III playoffs for the seventh time in the team's 16-year history, Wesleyan won its first-ever tournament game by downing Iona 8-5 before bowing out against eventual tournament champion Trinity.

Apgar, son of Pamela and Charles Apgar, Bancroft Road, is a 1983 graduate of Phillips Academy where he earned all-New England honors in lacrosse and soccer and lettered in ice hockey.

A Computer Science major, Apgar will be the first three-sport male letterwinner at Wesleyan in four years after receiving letters in soccer and ice hockey as well as leading the lacrosse team in scoring through three games with five goals and three assists. He was the leading scorer in lacrosse during the 1986 season. Apgar is also co-chairman of the university's social committee and is senior class treasurer.

Down The Years

Doherty School, will receive a plaque from Senator Edward W. Brooke and EPA Regional Administrator John A. S. McGlennon.

10 Years Ago — April 1977

The Andover School Committee voted Tuesday night not to snip some \$50,000 off next year's salary budget to save the taxpayers 18 to 20 cents on the tax rate increase. They did, however, table—until their next meeting—action which would defer \$75,000 from the maintenance end of their budget.

The town's leaf pickup operation is conducted only in the fall, local officials state. Several residents have been placing piles of leaves, grass, etc. at curbside, anticipating that the pickup service is part of the spring cleaning projects for the town.

Measles clinics will be held in all Andover public schools next week by the Andover Board of Health, but before children are inoculated, a permission slip signed by a parent must be received at the child's school office.

The School Committee last week decided to set up a special committee to study school space problems facing the town over the next few years. Hopefully, the efforts of such a group will be directed toward a goal which will provide the town with a maximum of educational benefits and a minimum of cost.

appropriate. It was also suggested that the warrant be kept open until the Selectmen's next meeting Monday night, to allow additional articles to be placed, provided that the necessary 100 signatures are attained. Other board members agreed.

Chairman Gerald Silverman disagreed with the idea of putting the quorum question on the Special Town Meeting warrant, due to the fact, he joked, that there probably would not even be a quorum at the Special Town Meeting.

Snowfall

(Continued from Page One)

There were also several limbs and branches snapped off under the weight of the wet, heavy snow. Trees are at their weakest this time of year as they prepare to bloom, thus easily damaged.

Massachusetts Electric Co. crews worked through the night restoring power to affected areas. In south Andover, where the company has been making improvements to address the continued blackouts in the area, power was lost in some homes from around 8 p.m. Tuesday to about 6 a.m. Wednesday.

Several fender-bender type accidents were reported to Andover police but no serious injuries were reported.

Andover public works department crews were out in force beginning at 7 p.m. Tuesday with sanding operations, later converting to plowing, keeping on the roads until 7 a.m. Wednesday.

Roads were clear for the morning traffic, and the long-absent sun was making a substantial dent in the snow accumulation by Wednesday noon.

Parking

(Continued from Page 47)

Planned are two two-story office buildings—one of about 51,000 square feet, and the other 95,000 square feet.

Conditions applied include Conservation Committee approval, a favorable Fire Department review of water and emergency access. In addition, building permits will not be issued until Campanelli Drive is installed to binder course, and landscaping must be completed before a certificate of occupancy will be issued.

Music at Eden's Edge, Hammond Castle Museum's resident chamber ensemble, will present a program of piano trios on Friday, May 1, at 8 p.m. in the castle's Great Hall, 80 Hesperus Avenue, Gloucester.

Registration

The Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA) is accepting registration for a summer animal care program at the MSPCA's Methuen Animal Shelter and Nevins Farm for Horses, 400 Broadway St., Methuen.

During each of the two-week sessions, children grades 3-6 will learn about the proper care of pet and farm animals through "hands on" experience and important animal issues, such as pet overpopulation, will be discussed.

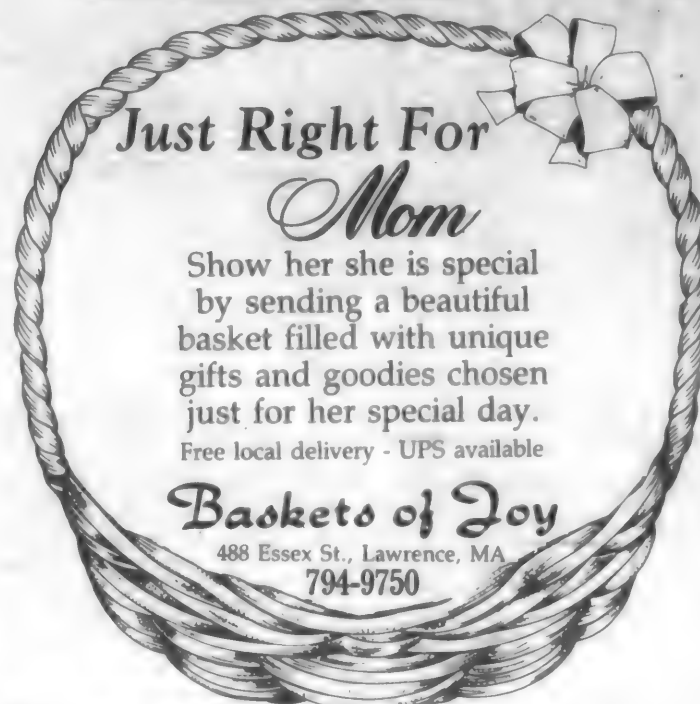

Other activities include arts and crafts, games, stories and group projects designed to promote the responsible care of animals.

The first session is July 13-24 and session two is August 3-14 from 9 a.m. to 12:30 p.m. Enrollment is limited to 30 students per session.

For registration information, contact Carolyn Ruf, MSPCA Humane Education Department, 350 South Huntington Avenue, Boston, MA 02130.

Mary Ann Afarian busy renapping amidst a beautiful selection of Oriental rugs

Afarian Oriental Rugs:

The Art of Restoration

Above, Mary Ann Afarian works on the renapping phase of restoration. The rug is a Persian Serapi, and is about 85 years old. The process of restoration includes washing, handcleaning, overcasting and overmapping. When finished it will be a beautiful investment piece for its buyer from Texas.

Afarian Oriental Rug has been in business at 18 Waverly St., No. Andover since 1974. They deal in antique, semi-antique and used, decorative Oriental rugs. Katchik Afarian, who, as a boy, learned his trade as an apprentice in Beirut, points out that the older Oriental rugs are a better investment than the newer ones. The older rugs are made with vegetable dyes, no chemicals, while the newer rugs are made

with chemical aniline dyes. In addition, the older rugs are made of a better quality wool. Mr. Afarian travels to Europe 4 to 6 times yearly to bring back selective Oriental rugs. Afarian presently boasts the largest inventory of old Heriz and Serapi Orientals in the greater Boston area.

Afarian's business is not limited to buying and selling Oriental rugs. Katchik emphasizes the need to have your Oriental washed every 2 or 3 years. Afarian will hand wash your Oriental, and it will be washed without harsh chemicals to affect its color and quality. All repairs and cleaning are done on the premises by the Afarians. Katchik Afarian's restoring and repairing expertise is so widely recognized

that rug dealers from out of state frequently demand his services.

Afarian can also provide you with an appraisal of your Oriental rug to specify its origin and present value. They'll give you a complete written appraisal and will photograph your rug for insurance purposes.

Every rug sold at Afarian is guaranteed 100%, and if you bring back a perfectly maintained rug within 3 years of your purchase, Afarian will buy back your rug at its original purchase price or more. This guarantee is testimony to the fact that your Oriental rug is truly a valuable investment. Visit Afarian Mon-Fri 9-5, or call 688-1717 for an appointment Saturdays, Sundays or evenings.

Six Hearings Scheduled

The Zoning Board of Appeals will hold six public hearings during their next regular meeting to be held on May 7 at 7 p.m. in the School Committee Conference Room, Second Floor, School Office Building, Whittier St. entrance.

Gwen B. Hendrick, 185 Lowell St., is petitioning the board for a special permit to operate a daycare center providing care for more than six children at 511 South Main St., in a Single Residence B district.

A variance to allow an addition to the rear of an existing dwelling at 89 Chestnut St. in a Single Residence A district is being requested by Walter James and Elizabeth R. Whinn. William R. and Barbara L. MacKenzie are making the same request for their home at 32 Maple Ave.

Gavin R. Stearns and Robin K. Bozarth, 32 Mill St., Burlington, have submitted a petition to allow the addition of a deck to a residence at 92 North St. The deck will not meet minimum setback requirements of the Single Residence C district.

Permission to build an unattached garage that will not meet minimum setback requirements is requested by James A. and Carol S. Wish of 10 Cyr

Junk Car Program Underway

Building Inspector Sam DeSalvo is gearing up for his annual "Junk Car Program," and will be issuing violation notices to residents who have automobiles that are either unregistered or unfit to drive on their property or on public ways.

"You've got to think of your neighbor," said DeSalvo, adding that it is unfair of someone to expect that they can leave a car in disrepair on blocks in a driveway for months at a time.

Any automobile that police would stop if they saw it driving down the street will also be targeted for a violation notice—but they aren't the only ones. Automobiles that are unregistered, or registered without a valid sticker, will also bring a violation to the owner—even if they are right out of the showroom.

In the past, DeSalvo has given owners of vehicles in violation ten days to remove them, but he plans on making that deadline tighter this year, possibly seven days.

If the owner has a special situation, DeSalvo is willing to give some leeway, but explained that the reason for giving such an extension will have to be a good one.

After the deadline has past, if the automobile has not been removed, court action can be taken by town counsel and a \$100-a-day fine, from the date the violation notice was issued, may be levied by the courts.

Doran's Delivery Service: Airport Transportation - Your Way

Our world today is a fast moving one in which many people choose air travel as their primary means of transportation for business or pleasure. Air travel is fast, efficient and convenient. There is one hitch, however: Getting to and from the airport can be a big headache. Let Doran's Delivery Service make your airport trips calm and comfortable.

Doran's Delivery Service specializes in airport transportation. Doran's airport service differs from other airport services in many ways. Other services have a set schedule of airport runs, which means you go to the airport at their convenience. Doran's Delivery

Service takes you to the airport at your convenience. Brook anytime, early morning or late at night. Doran's will take you in and pick you up at the time you request.

Another advantage of Doran's Airport service is that when you hire their service, you are the only passenger. Other airport services make numerous and time consuming stops along the way. Not Doran's. The whole car is yours. Rates to Logan are \$30.00 for up to 2 passengers, \$35.00 for up to 4.

Doran's Delivery Service does more than just take you to the airport. You've heard of "overnight" or "next day"

delivery? Well, Doran's has a courier service that offers immediate delivery. If you call anytime between 7 a.m. and 7 p.m., a driver will pick-up your package, packet or envelope and transport it to your destination. Doran's is finding that many businesses and particularly attorneys are taking advantage of their courier service.

Doran's fleet of six cars and staff of nine also provide local service. Both taxi and courier service run daily from 7-7. Call 470-0809 for courier service or 470-3383 for all other services. Doran Delivery Service is located at Balmoral St., Andover.

Harry and Ned Larkin amidst a vast display of lawnmowers

Larkin Lawnmower Service, Inc. Gets Your Lawn In Shape

All the rain we've had lately may have caused your spirits to sink down low, but it makes your grass grow high, and that means you've got some work ahead of you.

Larkin Lawnmower Service, Inc. has an array of products and services that could make your lawn and garden chores much easier to handle. Consider their riding lawnmowers and lawn tractors. They carry all the big names, such as Snapper, Simplicity and Toro. The Snapper Hi-Vac Riders has an amazing cutting system which stands up high or damp grass for a clean cut. It has the capacity to vacuum clippings, leaves, twigs, pine straw and pine cones. Snapper also offers Standard Riders and Extra

Tough Riding Mowers. Both have electric start models and an important safety feature which stops the blade after your foot has left the pedal.

In addition to lawnmowers which range from the manual push models to the most sophisticated ride-on commercial mowers, Larkin offers a complete selection of trimmers and edgers. They carry Tanaka brushcutters and hedge trimmers which feature easy starts and a 5-year warranty. Tanaka offers hedge trimmers from a lightweight, homeowner gas model to a powerful commercial model. They also have a line of handheld blowers to clear away unwanted leaves or other debris.

Larkin Lawnmower, Inc. sells

a wide range of chainsaws. They've sold and serviced the rugged Jonsereds Swedish chain saw for ten years, and they also carry the McCulloch line.

If all these products sound like all work and no play, take a look at Wetbike. With a 60 Suzuki horsepower, the Wetbike is a recreational water vehicle that steers from the front and has the capacity for two adults. If you're looking for some summer fun, Wetbike might be the answer.

For all your lawn and garden equipment, visit Ned and Harry Larkin at 3 Washington St., No. Reading. They service everything they sell and have an extensive parts inventory. Call 944-0289 or 664-4100.

Foster & Foster Realtors: Lee Dodd Division

There are many people who see the Foster & Foster sign outside the office at 68 Park Street and don't realize that Lee Dodd is still very much a presence there. The name Lee Dodd has been recognized and trusted in Andover for over twenty years, and Foster & Foster wants you to know that Lee continues to be active in the real estate field as a broker in the Andover office.

Bert Shupe who has been managing Foster & Foster since August, feels that Foster & Foster is not just a real estate office. "We reach out into the community," she says.

In the near future they will be doing a spring clean-up at some local conservation area. They're also planning something at Roger's Dell in memory of Louise Van Everen, Lee Dodd's mother, who developed Roger's Dell.

Foster & Foster is a full service real estate office with 16 offices serving Eastern Mass and Southern N.H. They have their own mortgage company known as Residential Mortgage Services. Jim Feinberg is the mortgage officer located in the Andover office. Jim is also an agent with Allard Insurance, a full

service, independent insurance agency which is a division of Foster & Foster. These services provide home buyers with the opportunity to take care of all their home buying needs at one location. As their services have grown so has their staff and office space. They've recently expanded to the second floor to accommodate their new staff members.

Let Foster & Foster, Lee Dodd Division with its 30 trained professional agents and its vast network of services, help you with your housing needs. Call 475-8543.

Nazarian Jewelers: Making It On Their Own

Nazarian Jewelers is heading in a new direction, and it is a direction that is sure to please customers. Rather than carry lines of jewelry from other manufacturers, Nazarian will be building an inventory of jewelry manufactured on the premises. Some people might question the rationale involved, considering that Nazarian has been a successful business concern since 1943 in Lawrence and for the past seven years in Andover.

The reasons are simple and sensible. Steve Nazarian notes that making their own jewelry will produce higher quality goods by giving them total control over the manufacturing and quality control processes. They feel they will be providing a better quality product at a better price. Steve

estimates that their prices will run 10-15% lower than the average store. By making their own jewelry, Nazarian will be offering the customer a greater number of choices; jewelry can now be made with the customers' needs in mind. Nazarian is presently carrying a 20-30% inventory of what they've made, and expect that within six months they'll be carrying closer to 75-80% of their own jewelry.

Nazarian prides itself on keeping up with current fashions by carrying the most current jewelry pieces. They like to carry some of the items that might be found in a Saks or Bloomingdale's. Steve notes that silver continues to be very popular. He attributes this rise in popularity to newer styles which are bigger

and bolder, making the choice of silver a more appealing one for price. If you're looking for something special for Mother's Day, consider the selection of semi-precious beads, ivory, or any of the popular earth tone shades of jewelry.

Nazarian features on-site repairs and diamond resetting. There is a diamond resetter on the premises in Lawrence and you can have your stone reset while you wait. If you're looking for the finest in gold, diamonds, gems, watches, Waterford Crystal, Lenox China, gifts of silver, pewter, brass, Lladro figurines and so much more, consult the local jeweler you can trust. MISSED SAVINGS

Do you still think it is cheaper to go on your own merry way and rent quarters rather than own your own home? You're not alone. Many people believe that owning a home is more expensive than renting. On the surface that may seem true. But does a person who rents benefit from:

1. Tax savings?
2. Increasing equity?
3. Increases in home value due to inflation?

Say you bought a home three years ago for \$100,000. If it increased in value at 12% per year, that same house would be worth \$140,493 today. Confess - are you currently saving \$40,493 every three years?

Also, there's no disputing that home ownership is the best tax break there is. No matter how Congress changes the tax structure, the one unviolated principle seems to be that the home owner gets the tax deduction for the interest paid. In the early years of the mortgage, well over 90% of the monthly payment may consist of interest. That's one very big education.

.....

REAL ESTATE GUIDELINES

 Realty U.S.A.
 Schruender Real Estate

SMART HOUSEHUNTING

When you go out to look at houses, you may find yourself worn out and confused at the end of the day. After a Sunday afternoon of looking at Open Houses, your feet hurt. You can't remember which house had a great back yard and a kitchen you loved or which one you ruled out because the basement felt like a mushroom farm. Some of the houses you visited looked familiar because you had seen them two weeks ago. How can you conserve energy and keep it all straight?

The first step is finding a good agent who knows the area well and can show you only the homes that meet your main criteria. The second step is to invest in a small note pad, and keep a record of the homes you visit. Note the address, style and exterior color, as well as something distinctive about the inside that will trigger your memory. If a house has real possibilities, make a special note. Jot down important pluses and minuses of each property, and be sure to share this information with the agent. This will help to narrow down the houses he or she will select to show you, focusing in on those most likely to have that special appeal you are seeking.

If you are considering a move, contact the professional at Realty USA / Schruender Real Estate. Call us at 685-5000, or stop by our offices at 73 Chickering Road, North Andover.

The Key to Results in Real Estate

The ANDOVER TOWNSMAN

CLASS Back In Action

By Susan K. O'Neill

Some time has passed since natural disaster temporarily closed down programs at Andover's Citizens' League for Adult Special Services (C.L.A.S.S.). With help from friends in the community, the training/day program for retarded adults has averted potential business and human disaster—and is now operating full-bore, albeit from three different locations.

C.L.A.S.S., which serves 108 area adult clients with varying degrees of mental and physical handicaps, is located on the lower floors of a renovated factory building at 16 Haverhill Street in Shawsheen Village. During the flood, the basement offices of the organization were inundated with flood waters from the nearby Shawsheen River. During the flooding, plumbing in the rest rooms also backed up, adding contamination to the destruction wrought by the water itself.

For three days, according to Executive Director Robert McCaffrey, the organization had to close its doors to clients, while staff fought to drain and clean the facilities. He estimates that the programs lost approximately \$11,500 per day in payroll and client services revenues during the crisis.

Community support mobilized quickly for the organization. Before the waters had ebbed, the Rev. Alexander Daily, a C.L.A.S.S. board member, offered space

for programs formerly held in the basement—those involving the most profoundly disabled clients—in his North Andover church, St. Paul's Episcopal Church.

Other donors offered in-kind contributions of cleaning and temporary office space; by the Thursday after the storm, the organization was once again operating—from three different locations.

At Haverhill Street, 84 clients are continuing to receive services in space on the first floor. The basement is still being cleaned and sanitized; McCaffrey estimates that it will be suitable for reoccupation in about 30 days.

In the meantime, the program for severely handicapped clients will continue to operate in the parish hall at St. Paul's.

The administrative offices have moved to temporary quarters at 1 Parker St. in Lawrence.

"I think, overall, we've recovered nicely from the crisis created by the flood," says C.L.A.S.S. Director of Management Services Don Ravenelle. "We were at 100 percent operation within one week of having to vacate 50 percent of our space; we've been extremely fortunate to have the cooperation of the local communities we serve."

Ravenelle commends his staff for their flexibility in the face of the emergency, and for the many extra hours they put in

during the crisis. "They've performed above and beyond the expected," he says. "They've been a tremendous help in keeping us on our feet."

C.L.A.S.S. also owes its continued operation to a number of local donors, says Ravenelle. These include Union National Bank, BayBank and the Bank of Boston, who have given cash relief for the replacement of some of the equipment ruined by the flood; Andover Office Center, Diconix Co. and Yankee Alliance, who offered temporary office space and phone services during the crisis; St. Paul's Church, Van Carroll Associates and Corporate Image, who have given temporary space and furnishings for the ongoing operation of the administration and programs; Environmental Maintenance Services, Upkeep Cleaning, and Dundee Park Properties, who donated cleaning services, wet vacs and pumps; A.T. & T, who will provide some replacement furniture; and Copy Labs, who "rescued" the organization's copy equipment and transported it to safer quarters.

Ravenelle says that C.L.A.S.S. is still trying to replace a number of damaged or destroyed supplies, including bookshelves and storage cabinets, computer paper and diskettes, bulletin boards, and perishable supplies used in

serving meals for the clients. Those interested in further information should contact C.L.A.S.S. at its listed Andover phone number.
